## Closures on Pacific Coast Highway (State Route 1) for pavement work

*At least one lane will remain open in both directions at all times*

MALIBU – The California Department of Transportation (Caltrans) announced plans to close lanes on portions of Pacific Coast Highway (PCH or State Route 1) in both directions this week to install new pavement.

The closures are along an approximately 16-mile stretch of PCH, between Cross Creek Road and the Los Angeles/Ventura County line in the city of Malibu.

From **Monday, April 23, to Saturday, April 28**, the following closures will be in place between **7 p.m. and 6 a.m.:**

- One northbound **AND** southbound lane on PCH, between Morning View Drive to the Los Angeles/Ventura County Line.

**At least one lane in each direction will be open at all times.** The closures are weather permitting and subject to change.

The work on PCH is part of a \$2.2 million project to replace pavement on travel lanes, asphalt on the shoulders and add new shoulder delineation lines at various sections of PCH from Malibu Lagoon to the Los Angeles/Ventura County line.

All American Asphalt of Corona, Calif. is the contractor.

California drivers will see more work to preserve and rehabilitate pavement on freeways and highways as a result of SB 1, the state's new transportation funding. To find transportation projects in Los Angeles and Ventura County that Caltrans and local communities are investing in with SB 1 revenue, visit [rebuildingca.ca.gov/map.html](http://rebuildingca.ca.gov/map.html).

Caltrans reminds drivers to be "Work Zone Alert."
